

6050 Olde Stage Road, Boulder, CO 80302 USA [www.curveinc.com](http://www.curveinc.com)

### **GRAPHIC REQUIREMENTS FOR ALL CUSTOMER SUPPLIED ARTWORK**

1. All logos in vector format, grouped as one object. Adobe Illustrator CS2 Format or EPS
2. All text in outlines (NO FONTS)
3. All the logos, text, backgrounds, etc in separate file or separated in the same file with the design
4. We prefer design placed in our graphic templates
5. The colors set in the file as Pantone numbers. CMYK colors printed without changes and with no guarantee of the result
6. Avoid masks, transparency, opacity, web effects, etc. We can print these with NO guarantee for the result. Screen output usually does not match print output.
7. Do not use any design objects made with software plug-ins or other additional non-standard software tools.
8. Any 3D or other objects designed with special software must be converted to TIFF images in 150 dpi in actual 1:1 scale. We cannot re-size TIFF images due to decreased resolution.
9. All names and numbers must be converted to outlines (paths) since we do not support all fonts.

*Any graphics not meeting the above requirements will be subject to additional artwork charges.*
